Chairman for this event is Ed Smith.

ANNOUNCEMENTS (Continued)

A Note from the Treasurer

The not-so-great news is that dues are due by the end of this year and are delinquent on March 31, 2025. New members from October 2024 forward are paid for 2025. The good news is that dues remain at \$35 per year and include a spouse/significant other in events and activities. As usual, the club provides a gelato gathering, lunch at the Tour de Garages, Sonoran Hot Dogs for the election in November and subsidizes the Holiday Party. And there are great drives every month.

** To make this easy on both members and the Treasury Team you have the following options:

1. Go to our web site: tucsonbritish.com. Click on "Shop", then the "Member Renewal" button. There you can pay by PayPal.
2. Send a check made out to and mailed to Tucson British Car Register, P.O. Box 30997, Tucson AZ 85751-0097. Since checks are not always personalized, please include your name on the check.
3. Pay in person by check or cash at the informal Tuesday Coffees. Our Treasurer, Dave Germain is there on most Tuesdays.
4. Pay in person by check or cash on Saturday, November 30th, TBCR HOT DOG RUN and TBCR Elections.

For any option, please send changes in car or contact info, or questions, to Dave Germain at dkgermain6@gmail.com or by a written note.

NOTICE OF MEETINGS

TBCR Annual Election of Officers

This is scheduled for the Saturday after Thanksgiving, November 30th. As in previous years, TBCR elects its officers for the coming year at this meeting and gives you a great lunch and a great drive. Our drive begins at Mission San Xavier at 11:00 AM (come visit early to see the Mission in its Christmas decor). Our lunch is at our favorite Sonoran Hot Dog Cart on the SE corner of Alvernon Way and Lee St (just north of Speedway & Alvernon). Lunch begins at 12:30 PM and elections follow.

Current Nominees:

President:	Pete Williams
Vice President:	Tim O'Keefe
Secretary:	Marc Koenig
Treasurer:	Dave Germain

Note: Our other board members who are appointed:

Newsletter:	Steve & Nancy Hosmer
Website:	Harold Beekhuizen
Tours:	Ben Cohen
Regalia:	Libbie Gabriel)

Nominations will be open at the annual meeting. If you have a nominee *who is willing to serve*, please send their nomination to Pete Williams via email: ptrwms@gmail.com prior to the meeting day.

NOTICE OF MEETINGS (Continued)

We will hold the following business meetings in the coming months:

- **Annual Organizational Meeting**

This meeting is scheduled for December 3rd at or about 9:00am after the Tuesday Coffee at Starbucks on Ft Lowell and Swan. All members are invited.

- **Annual Business Meeting**

This meeting is scheduled for January 5th, 2025. It will consist of a tour followed by a picnic lunch. The location and other details are presently TBD. Again, all members are invited.

The Prez Sez

By Peter Williams

It is possible there will be a tour in advance of the gathering. This is a BYO picnic lunch.

The Prez Sez(Continued)

Santa Cruz Car Nuts Car Show

Saturday, January 25th

Quail Creek Memorial Veterans Park.

Go to <https://www.carnuts.org/Car-Show>. Look for a flyer about the show. Signup is now open.

And there will be more each month including tours, weekly coffee and other stuff that pops up.

Membership Renewal

While you are on the TBCR web page registering for the Holiday Party, please click on the Member Renewal tab to pay your dues. We are fortunate that our dues have remained static for many years while other clubs have a lot of overhead. We are careful and cautious with our funds. If you've already paid your dues... Many Thanks! If not, please do so early. It's a quick and easy *click* way to pay your dues.

On a personal note, I want to thank those who have expressed best wishes to me on my recovery from my surgery. It is very difficult to restrain myself when I find myself in a situation where I want to violate the terms of my parole... er... my *weightlifting restrictions*. Currently, I'm at 10 lbs maximum with an increase to 35 lbs after 6 months. Golly, that's a long time! Those of us who have had weight restrictions after surgery really understand one's impatience. The bright side is the many members who have stepped forward and have helped without asking. These same members also strongly interfere when I am about to do something (stupid) I'm not supposed to. Thank you!

I also want to thank each of our board members for their summer efforts during the beastly hot summer.

In the meantime, keep the rubber on the road and the shiny bits up!

Pete Williams

ON THE ROAD

By the Editor

1st DRIVE – 05 October – Starbucks on River and Stone up to the Northwest

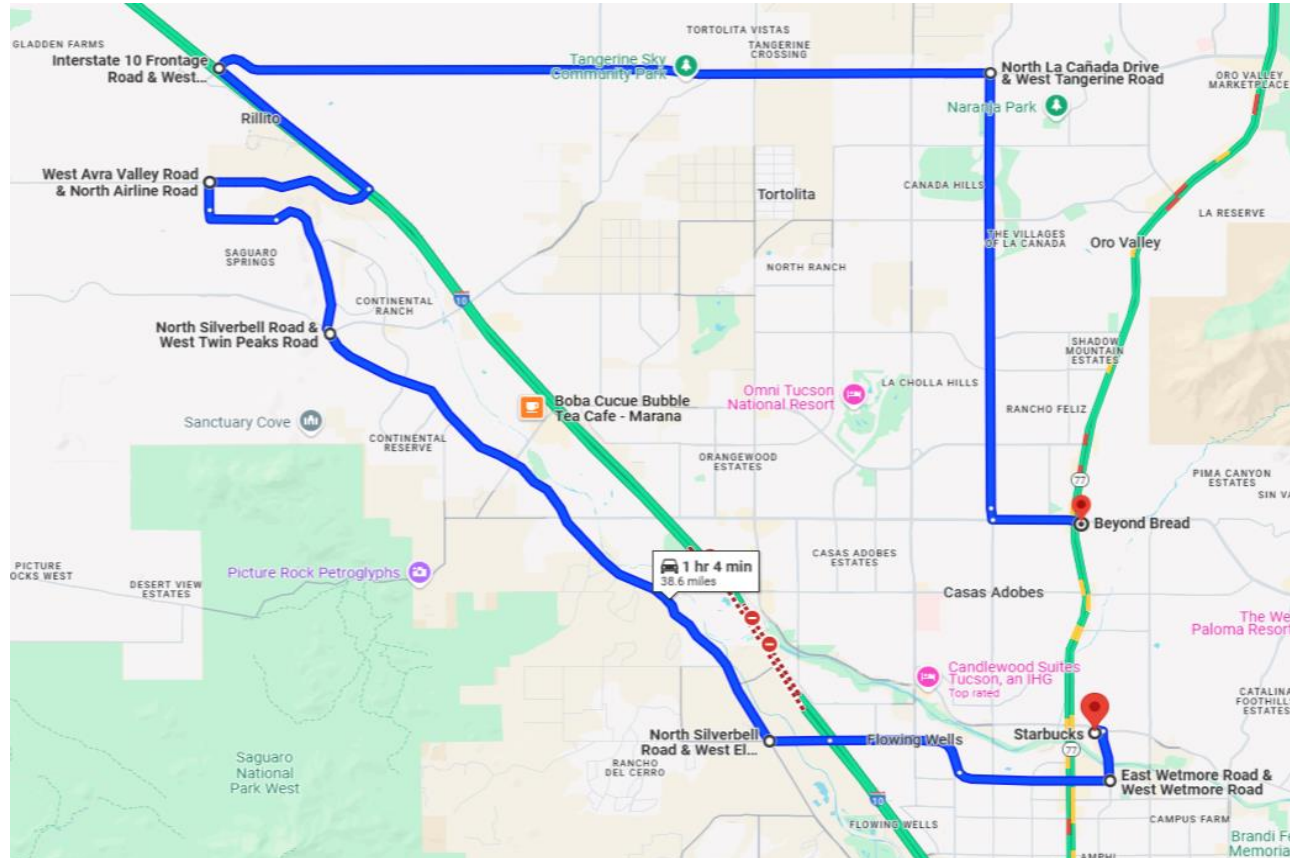

There was a reasonable attendance for the 0700 departure. The weather was mild with a bit of light overcast that turned into a cloudless day.

The sad news is that photos were taken prior to departure, arrival at Beyond Bread and during Breakfast but they appear to have wandered off. I looked for weeks and to cannot find them. My apologies.

[This space UNINTENTIONALLY left blank]

ON THE ROAD (Continued)

SATURDAY BREAKFAST DRIVE – October 5, 2024 – 7:00 AM departure

- Go east [L] on Ina Rd using both left turn lanes, then move to the right lane
- Go straight across Oracle Rd; the first driveway is Beyond Bread...
- ENJOY!!!

ON THE ROAD (Continued)

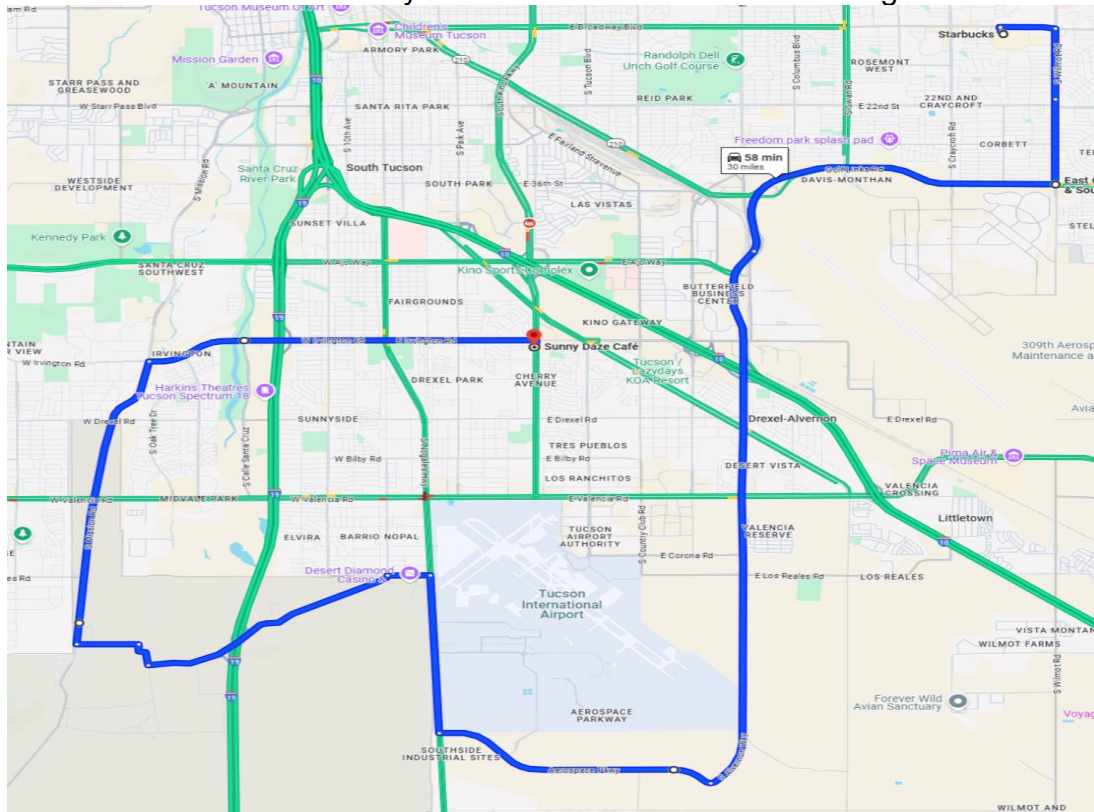

2ND DRIVE – 19 October – Starting at Park Place Mall then touring the SW ending at Sunny Daze Café.

This drive was scheduled for those who were not attending the Tucson Classics Car Show. I took off in Nan's Caddie to Park Place and just about five minutes to 7:00am Dave Jackson pulled into the parking lot. He insisted on driving the route and I was more than happy to unload all the copies I had but one was enough for him. I was about to leave Dave with his chore when another vehicle pulled in. It was a father and son who had just traveled from Israel. I guess looking for peace and quiet and maybe something that was wet and not metallic. After bidding farewell, I took off for home to change into a Jag and head to the show.

ON THE ROAD (Continued)

SATURDAY DRIVE – October 19, 2024 – 7:00 AM departure from Starbucks at Park Place Mall
All around the south side to the Sunny Daze Café at SW corner of Irvington Rd & Campbell Ave

- Go north [R] toward the Mission on Little Nogales Dr
- Jog LEFT then RIGHT then LEFT around the parking lot and exit the Mission west on San Xavier Rd
- Go north [R] on Mission Rd and continue north crossing Valencia Rd & Drexel Rd
- Go east [R] on Irvington Rd and continue over I-19
- After passing 12th Ave, 6th Ave and Park Ave
- Go south [R] on Campbell Ave & pull into the first driveway for Sunny Daze Café...
- **ENJOY!!!**

ON THE ROAD (Continued)

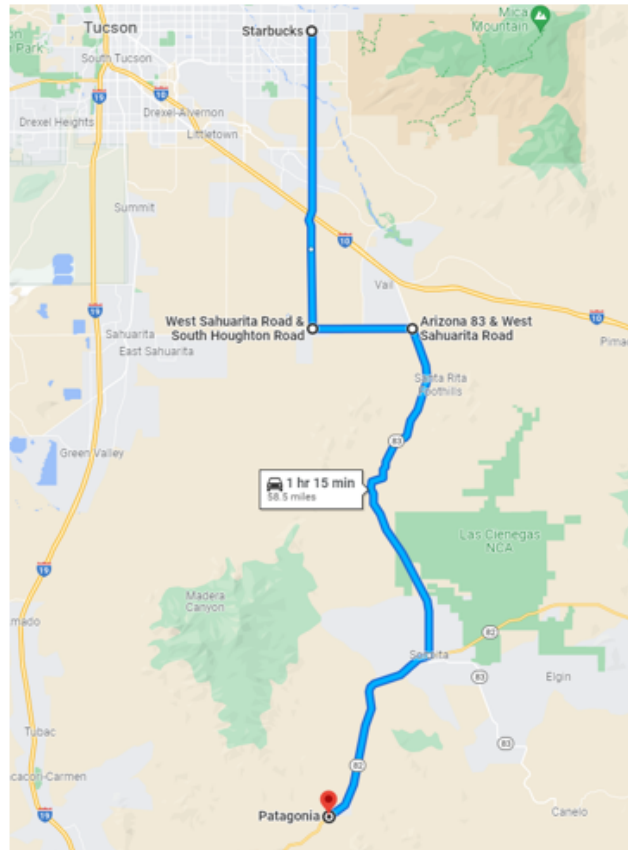

BLAT – October 24th – Starting at Broadway and Houghton off to Patagonia and the Velvet Elvis.

Beautiful day with cool temperatures – at least on the trip south. A good turnout and a timely departure from the starting point. Passed both meeting points along the way but no one was waiting. Made it to Route 92 and took a comfort break. Then off to Patagonia. Pulled into town to find some LBCs already parked. They were the ones we were to meet along the way. New location for the restaurant and in an old church. Some continued westward, and some retraced the route home.

ON THE ROAD (Continued)

BLAT – Oct. 24, 2024 – Houghton & Broadway to Patagonia, AZ
10:00 AM departure with 2 enroute meeting points

Exit south [R] on Houghton Rd and continue over I-10.
Watch on the south side of I-10 for members that might meet us there
Go east [L] on Sahuarita Rd
As you approach AZ 83, watch for members that might meet us there
Go south [R] on SR 83 and continue all the way to Sonoita
Go west [R] on SR 82 toward Patagonia
Arrive in Patagonia about 11:30 AM – picnic tables in the central park, 4+
places to eat
If you want an organized return trip via the same route let say 1:00 – 1:15
for the return
Note to non-US citizens – there is a US Border check point on your return.
If you need some type of documents, bring them.

ON THE ROAD (Continued)

FROST *A Gelato Shoppe* – Sunday, October 27th on Tanque Verde Place – 3pm to 4:30pm

A good showing for some sweets, and a couple LBCs, but mostly wheels with AC.

TUCSON CLASSIC CAR SHOW – October 19th

For once it was not a sunburning rodeo. In fact, it was a little cloudy and a few sprinkles of rain. We had almost had a row and one half full of our cars and two marque tents for respite from the sun.

Staging to go to the show:

FOR SALE

1970 TR-6 Seat Covers

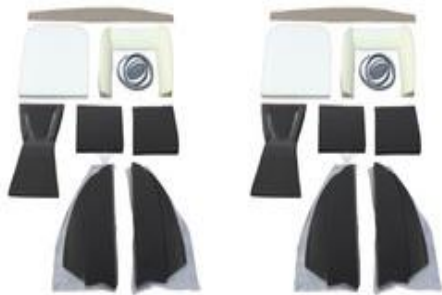

I have complete seat rebuild items for a 1970 TR6 from the foam to outer skin. These were purchased from Leland at BP Northwest. I purchased the entire interior but only looking to sell seats a pair of black seat covers, a complete seat foam kit pair and a pair of seat diaphragms

All purchased in February brand new, pictures pulled from BP Northwest site for visual reference. I'm told it's about \$1600 worth of stuff. I paid around \$1500 looking to sell for \$1200 or best offer.

1960's Lotus Elan +2 [Email Message]

My father passed away last year before he could finish restoring his Lotus Elan+2 (I'll have to get the year again, but I believe it was late 60's). He was the original owner and brought it over from England in 1974 while we were stationed there for the military. My family is looking to get this to another Lotus lover, so I am starting the legwork in trying to find such a person.

It is a 4-seater left hand drive. I believe the chassis frame is a replacement, possibly a competition one. I know he had to redo some fiberglass body work on it, but I'm not sure of the extent. There is also another chassis in the backyard that fits it, which would go along with the car. He was working on the wiring harness before he got too ill to work on it. The new seats have been kept wrapped in plastic in their living room since he purchased them some time ago and are in fantastic condition. I believe the motor was rebuilt, although the new owner would need to lube and tune it up again. The windows are in good condition and have been kept in the garage. I think the interior resides there too. The dash and instrument panel are in the living room as well, but I would need to double check. If I understand correctly, all or nearly all parts are there, but it would take someone with the knowhow to finish putting it back together.

If there is anyone interested, I would be happy to provide photos and get more precise details on everything.

TECHNICAL MATTERS

The subject for this issue's Technical matters is a Helping Hand.

How did it happen?

By Peter Williams

Oops! What happened to the wrench?

Answer: The battery from one of my cars was removed for the summer. It was placed on the floor in the garage on a rubber mat. The battery was attached to a battery tender. Our innocent, unsuspecting tool was placed on the top of the battery away from the poles. Slowly, an electric charge crept up on it. It caused intense corrosion to re-plate the working parts which caused them to seize. Our poor innocent, once working 6" wrench was immobilized. The thumb screw and jaw no longer worked were seized.

Note to self: Use a tool and give it a *helping hand* by properly putting it away.

Don't do what I did. A long bath in baking soda didn't have any impact. This is a good excuse to visit Harbor Freight to replace the tool. Maybe two of them would be good. (The battery charge was not affected.)

Knock-off Hub Helping Hand

Introduced by John Tolle

Another helping hand was brought to the attention of those attending the October 1st Tuesday Coffee. John produced what appeared to be a metal briefcase or storage box. Being the owner of a XKE with knock-off hubs and the spatial relationship between the hub and the fender bulge, one can see the advantage in owning the following:

BENEFITS & INSTRUCTIONS for two eared **wire wheel cars**

Tired of damaging spinners, wheel spokes, and hitting the car's body?

This kit fits Jaguars & Aston Martin two eared, 52-size spinners and many other cars that may use that same type spinners.

The bridge portion allows you to hang the spinner on to the tool.

This allows you to spin the spinner properly and also makes it so the tool's side walls fit into the spinner's diameter.

This tool is made using CNC technology, The tool has both spinner's ear angles, milled into the tool's sidewalls of the tool. Connecting the left and right UNDO spinners of the car. The tool also has a bridge to hang the tool on the spinner's ear that faces upward. Push the other ear into the tool, attach the kit's socket to use a breaker bar or a torque wrench and **just turn to remove or tighten**. The bridge frees both hands and keeps the tool from falling off while changing a tire. It eliminates the need to use a hammer again.

The kit contains, only one Aluminum polished tool, that is wrapped in leather to protect any metal-to-metal contact, has a colored plastic insert to protect the face of the spinner, a high impact 1 1/4" socket, a wheel chock to block the wheel from spinning on the floor, and a knockoff embossed storage bag to keep the tool kit with the car.

Torque Settings: In a Lotus owner's manual, has the only settings I've been able to find and that was **200 to 220 ft/lbs. of torque**. All other sources only recommend using a hammer.

A local shop owner, who has always used a hammer to UNDO his spinners with 3 good whacks. We tested his 3 good whacks method using our tool with a breaker bar, he hit within 3 to 4 lbs. of 210 of torque each time. He did say by using my tool and a breaker bar, the added leverage caused the wheel to spin on the floor and would need to block the wheels.

The standard removal method, is to loosen the spinner with a hammer while the car is still on the ground, jack the car up, remove the spinner and the wheel, replace the wheel and **finger tight** the spinner, let the jack back down and tighten the spinner with a hammer. Roll the car a short distance and re-tighten with a hammer for a well seated spinner to the wheel. Some say the wheel will self-tighten when driving. That is true if you don't brake too heavy before the spinner has fully tightened.

Changing a tire made Easier: Use my **wheel chock** by jacking the car up just enough so the tire just turns, place the wheel chock on one side of the tire to UNDO and move the chock to the other side of the tire to tighten. Let the jack back down for a perfectly seated spinner to the wheel. **It is that simple!**

When using a breaker bar, always be pushing down rather than pulling or lifting the breaker bar for a better feel of the torque you are applying.

New wheel chock in all kits

UNDO Directions:

First use the markings on the spinner and the engraved directions on the tool.

UNDO right side, turn clockwise towards the front of the car.

UNDO left side, turn counterclockwise to the front of the car.

To tighten, turn both sides to the rear of the car.

Warning on wheel spines.

No matter how tight your spinners are, worn spines may need to be replaced.

The Kit storage bags, all kit come with a black embossed to keep the tool kit with the car. An option, for an Aluminum carrying case with stiff locking foam can be added to **Buy Now** on the check-out page. Cobra tools will not fit into the case because of its size.

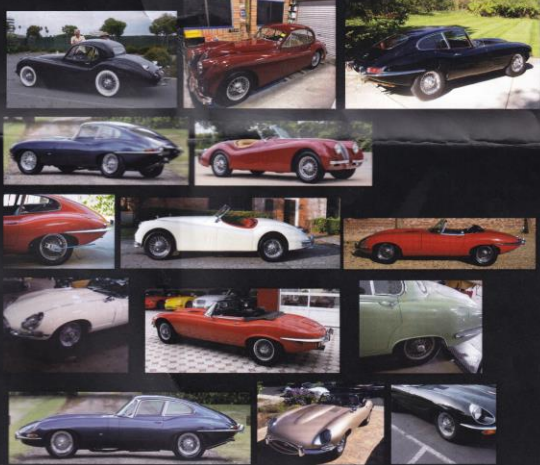

My tools will never need to use a hammer again.

They don't have to look like this! Keep your spinners looking new.

Many cars that use 52-size two eared spinners.

The website for this tool is www.knockoffspinnertool.com.

OUT OF BOUNDS

CAR SHOW MANIA

In recent weeks there has been a proliferation of flyers for local car shows, particularly at the TCCS event. There are also ones that come by word of mouth. So, for those who may have interest, below are the flyers for some upcoming as well those passed or too late to register. In time I will create a table reflecting what, when and where and keep it updated.

Those missed or too late to register:

Those in the very near future:

The flyer is for the 6th Annual Truly Nolen Community Car Show. It features a yellow Volkswagen Beetle with Mickey Mouse ears on top, set against a circular background with stars and stripes. The text on the flyer includes: '6TH ANNUAL TRULY NOLEN Community CAR SHOW TUCSON, ARIZONA'. To the right, it says 'VETERANS DAY WEEKEND SATURDAY NOVEMBER 9TH 10:00 AM - 2:00 PM At the Truly Nolen Leadership Center 432 S Williams Blvd'. At the bottom, it encourages attendees to 'HELP US "STUFF THE LIMO" AGAIN THIS YEAR! BRING A NEW UNWRAPPED TOY FOR LOCAL TUCSON CHILDREN THIS HOLIDAY SEASON.' and mentions 'Featuring local Car Clubs, Nonprofits and Food Trucks!'.
